TO-DO LIST

Exemption from Withholding Expiration Date

The IRS allows you to claim an exemption from federal income tax only if you had no tax liability the previous year and expect to have no tax liability for the current year. A Form W-4 claiming exemption from withholding is valid for only the calendar year in which it's furnished to the employer.

If you claimed exempt status last year, you must complete a new Form W-4 in the ADP Portal no later than February 17, 2020, to keep your exempt status. Otherwise, we will begin to withhold income tax from your pay per IRS guidelines.

To read more on this topic, visit the IRS website at <https://www.irs.gov/taxtopics/tc753>. Before claiming exemption, you should speak to your tax preparer or financial advisor.

I just wanted to send a special thank you out to my FM team in Central Florida: **Shawn Blankenship, Michael Jacobsen, and Robert Canales**. Without you guys I couldn't do my job servicing all our wonderful clients! We make a great team and I'm proud to have you all! Thanks for all the extra effort, hours, flexibility, and attention to detail! Let's get it in 2020!
-Shawn Skinner, District Manager, ABC Imaging Managed Print Services

I have been working with **Imran Insanally** for over six years. He is quick, and efficient with his time and is a great person to work with. For the past four years we have been continuously submitting sets of drawings to the city for permitting and department buy-off. There are legal implications to having errors in these sets. Imran has been a critical part of getting these permit sets in and approved, and there has never been any doubt in the quality of the finished product. I look forward to continuing working with him in the future.

EAT WELL, LIVE WELL

Healthy snacks provide an energy boost in the middle of the day and fuel for exercising, as well as decrease your hunger and the odds of overeating at mealtime. Healthy snacking can keep your metabolism revved up during the day and can help normalize blood sugar levels. Don't give in to the convenience of prepackaged grocery store snacks; try these healthy alternatives instead!

Mixed nuts
Red bell pepper with guacamole
Greek yogurt and mixed berries
Apple slices with peanut butter
Cottage cheese with flax seeds and cinnamon

Celery sticks with cream cheese
